That our American prests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the must eminent medical writers and teachers. Even the unturied indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the curve of most obstinate and fatal diseases, if we woold properly investigate them; and its well-making of this conviction, the points with pride the almost marrelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most afficient stomach londe liver invisorator, heart ionic and regulator, and blood cleanser known to modical science. Dyspersia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason toly it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Burfalo, N. Y., to all sending request for the same.

ROMANCE OF VACATIONS.

ROMANCE OF VACATIONS.

Telephone Girl and Doctor Travel to Famous "Littile Church."

PHILADELPHIA, August 21.—It all came about because they got their vacations at the same time. Miss Rae Howard, a pretty telephone operary of this city, decided to spend her two two states with her states at Rockaway. Beach. When Dr. Raihp F. Beisinger, who was "almost engaged" to Miss Howard, heard this, he decided that he too, would spend his vacation at Rockaway. So they started, and their first stopping point was New York, where, as everybody knows, the Little Church Around the Corner is a magnet. It took just fifteen minutes for the Rev. Doctor Houghton to perform the marriage ceremony, and they continued their vacation tip as a honeymoon. It was, of course, to have been a great secret, for Dector Beisinger wanted to tell his family at Lancaster and Miss Howard wanted to, tell her mother before it was announced. But the sister at Rockaway told a friend of hers who told a friend of hers, and so on till everybody knew.

soldiers who wished to return to their homes. Burton has not been enught."—Special telegram to The Times-Dispatch from the Onancock correspondent.

[Special to The Times-Dispatch.] ISpecial to The Times-Dispatch.]
NORFOLK, VA., August 21.—The excitement occasioned here by the departure for Onancock of fifteen additional men from Company A. of Norfolk's Seventy-First Regiment, to re-

formal men from Company A. of Norfolk's Seventy-First Regiment, to reinforce the soldiers now doing duty
there, subsided to-night, the information having come that the men were
ordered there by Colonei Nottlingham
merely as a relief to those now there.
There was hardly enough there to
do the duty required of them. Governor Swanson feels satisfied that the
presence of the troops there will be
all that is necessary to keep order.
The negroes will have their fair at
Tasley as scheduled, and no one will
be allowed to interfere with them as
long as they keep orderly, and that
they have promised to do.
President W. McDonald Lee and Secretary S. Wilkins Matthews, of the
State Board of Fisheries, are just
from the Eastern Shore. They say
that the trouble there was magnified.
